

**GET YOUR  
HEALTH  
CENTER  
ISO CERTIFIED**

## Why ISO Certification in your organization?

**INSTITUTE OF  
INNOVATION AND  
QUALITY ASSURANCE**

ISO (International Organization for Standardization) is an independent, non-governmental international organization with a membership of 167 National standards Bodies. Through its members, it brings together experts to share knowledge and develop voluntary, consensus-based, market-relevant international Standards that support innovation and provide solutions to global challenges. Since only the globally approved benchmarks can assure the safety management of the services provided by any Company, ISO certification is the need to oblige the clients that the services provided by the construction company are as per the universally acknowledged standards. One can really feel the ultimate need for ISO Certification at each & every stage while in this field.

**Ensuring Quality Management System In Your Organization**
